**The ROMANTIC GARDENS OF GLEN MAGNA FARMS**  
 IN DANVERS, MASSACHUSETTS WERE THE IDEAL SETTING FOR ONE COUPLE'S VINTAGE GARDEN GALA.

## event HIGHLIGHTS

While dating long distance, Carolyn confessed to Dusty that through the entire duration of her time in Los Angeles, she had never gotten around to purchasing the beach cruiser she had always wanted. After she moved home to Massachusetts, Dusty surprised her with a birthday trip to the bike shop, where she chose the lime green classic cycle and they began riding together often. On one such ride, to historic Salem for a picnic at Pickering Wharf, Dusty proposed. So it was only natural that the cruiser would be included in their wedding day since its vintage styling worked seamlessly with the romantic garden wedding that the couple envisioned. "We had no idea how gorgeous the cruiser would look in the green gardens of Glen Magna," explained Carolyn, "the grounds were absolutely stunning and the bike fit right in." Floral Designer Gregory Costa-Saint John, owner of Flou(-e)r, used concrete ornate pedestals with a lush mix of hydrangea, dusty miller, dahlias and roses to add to the fete's garden feel. "Carolyn's floral vision perfectly fit the mold of Glen Magna," Costa-Saint John shared, "we created a natural, organic, fresh-from-the-garden look, with a hint of a vintage vibe." Guests enjoyed refreshments in the gardens with dinner and dancing in the grand tent. It was apparent that this perfectly matched theme and setting, worked in tandem beautifully to create a dreamy wedding day for this perfectly matched couple.
